

WINDSHIELD PROTECTION PLAN

FACTS

ROCKS ALWAYS FIND A WAY TO HIT YOUR BRAND-NEW WINDSHIELD!

WINDSHIELDS ARE THE **#1 INSURANCE CLAIM IN THE UNITED STATES**

[View statistics](#)

30%

of auto insurance claims are about damage to windshields

?

WHY DID MY WINDSHIELD CHIP OR CRACK?

Gravel roads

Temperature & air pressure changes

Accidents

Poor installation

Roadway debris

Falling debris from trees

Hail

Passing vehicles

Windshields are paramount to your vehicle's safety systems. **ADDRESS CHIPS AND CRACKS IMMEDIATELY.**

HOW DO I KNOW IF I NEED TO FIX OR REPLACE MY WINDSHIELD?

Windshield cracks of **any length** and in **any location** necessitate windshield replacement.

Windshield chips less than 1" (25 mm) in diameter may be **repaired.**

Windshield chips greater than 1" (25 mm) in diameter require **windshield replacement.**

TIMING IS IMPORTANT

Don't delay getting your windshield chip or crack addressed. A chip or crack filled with dirt and debris may get bigger!

Without repair, a small chip can turn into a large crack with normal wear and tear.

Windshields provide

45%

of the structural integrity of the vehicle cabin

up to 60%

in a rollover accident

[View statistics](#)

It's important that you have high-quality glass professionally installed in order to protect this structural integrity.

Glass Doctor's craftsmanship is

PERFORMED TO THE HIGHEST PROFESSIONAL STANDARDS

set forth by the [Auto Glass Safety Council™ \(AGSC\)](#)

A FULL YEAR OF PROTECTION

For the next 12 months after we replace your windshield, we offer:

- **UNLIMITED WINDSHIELD REPAIRS**
- **ONE TOTAL WINDSHIELD REPLACEMENT**

So even if a rock finds you again, you're covered! [Learn more about our Windshield Protection Plan.](#)
