

# DON YOUNG 8000 SERIES

Long lasting vinyl backed by a trusted brand.

## FEATURES

### Advanced Low E Glass: The Next Standard in Thermal Performance

Low E coated glass with a non conductive spacer for exceptional performance.

### Double-Strength Glass: Engineered for Efficiency and Quiet Comfort

3/4" Double strength insulating glass for greater efficiency and improved sound reduction.

### Seamless Seal. Superior Protection.

Continuous interlock provides a tighter seal, greatly reducing the amount of dust and pollen entering your home.

### Advanced Barrier Technology

Weather-stripping with added synthetic double fin barrier to better seal out air, pollen, and noise.

### Reinforced Design. Reliable Security.

Aluminum glazing bead for added durability and security.

### Engineered for Smooth, Silent Operation.

Metal spiral balances for dependable smooth trouble free operation.

### Thermal Barriers. Year-Round Comfort.

Polyurethane thermally broken sash and frame dramatically reduces heat and cold transfer.

## COLORS

From bold black to soft tan, every color option is chosen to enhance your home's character while standing up to the elements.

The advanced powder-coat finish provides a rich, even color that stays vibrant through heat, cold, and time.

Bronze

Silver

Tan

White

Black

# DON YOUNG 8000 SERIES

Long lasting vinyl backed by a trusted brand.

## ADDITIONAL FEATURES

### 3.4x Times Stronger than Vinyl

This superior durability means better structural integrity, improved resistance to warping or cracking, and long-lasting performance even in extreme Texas weather.

### 43 Times Stronger than Wood

Unlike wood, these windows won't rot, swell, or deteriorate over time—offering a sleek, enduring solution that maintains its shape and performance in any climate.

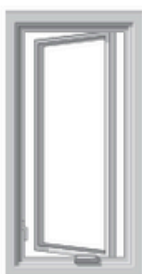

### Environmentally Friendly

A VOC-free powder-coated finish offers lasting color without harmful emissions, while mildew-resistant screens and double weatherstripping improve air quality and energy efficiency by sealing out wind, dust, and noise.
